

HOLLYWOOD SCHOOL OF MINISTRY

MISSION ///

Hollywood School of Ministry is a part of the heartbeat and vision of the Oasis of Hollywood. We desire to train, equip, and launch out the next generation of leaders who feel called to ministry.

Train students in practical ministry through our various ministry tracks. Each student will have the opportunity to participate and learn through several different ministry roles varying from children's ministry, street ministry, youth ministry, church ministry, etc.

Equip students with the tools, experience, and theology that they'll need to continue along the journey. Our students will all take Christ for the Nations Theology classes online as well as life experience classes taught by our various staff members.

Launch students into the calling that God has set for their lives. Our goal is be the catalyst that God uses to help shape the character and call of God in their lives. We hope to help students not only graduate the school, but help them navigate what the next step is after graduation.

CORE VALUES ///

We do life together: No one is a lone ranger at HSM. We do life together as Jesus did life together with His disciples. The early church was committed to strong community and because of it, the church prospered, people grew in their faith, and many came to know about Jesus.

We value integrity: Integrity is one of the highest priorities at HSM. Integrity is essential to living a life of meaning and a life worth following. We follow the model that Jesus laid before us to walk in absolute integrity when people are watching and when no one is looking.

We are flexible: Flexibility is a huge part of HSM. Things are always subject to change when working with people and in ministry, therefore we must be flexible always with a good attitude.

We are passionate: Passion is definitely a needed element at HSM and in life. There is something about passion that people desire to follow. Passion is simply an overflow of what's going on inside your heart, therefore we aim to be passionate in all that we do.

Accreditation

The Christ For The Nations Board of Directors has prayerful and intentionally chosen not to pursue accreditation. This decision was based on the extensive use of personnel and financial resources required to maintain accreditation, and our desire is to maintain tuition cost at the lowest affordable level possible. It should be noted that up to 94 credit hours earned at CFNI can be transferred to regionally and nationally accredited universities.
